

**Win More Business and Make More Money**

**Faster Install and Multiple Lumen Package Offerings!**

## BEFORE

T8 Traditional Cove Lighting with shadows between lamps.

## AFTER

Shadows can be eliminated with LMK optional overlap installation.

## BENEFITS

- Lamp holders are not used. No need to rewire the fixture.
- LMK Sticks connect with options of 2", 6", 10", 18" or 36" jumpers.
- Maximum run length on power whip: 120V = 100'. 277V = 200' (4.3 amps max).
- Super-fast install using included magnetic mounting clips.

## SOLUTION

6" Jumpers allows for LMK to be overlapped to eliminate shadows.
