

Win More Business and Make More Money

Avoiding "Gut and Regrid" Costs!

**20 Foot Candles
Random Positioned 400W MH**

**42 Foot Candles
Purlin Mounted LMK422 Sticks**

BENEFITS

- No need to run new conduit and set a J-box for each fixture.
- Power feed out of existing J-boxes. If J-boxes are not where needed, flex out of J-box to set the few J-boxes needed.
- LMK Sticks connect with 6-inch jumpers. 2,6,10,18 and 36-inch jumpers available.
- Maximum run length for each power whip: 120V = 100'. 277V = 200' (4.3 amps max)
- LMK mounting clips secured to perlin with self-tapping screws.
